Polytron, Inc. Congratulates Gabriella Beasley and Brittany Berreth, STEP Ahead Award Recipients

DULUTH, GA — March 2, 2015 — Polytron, Inc., CSIA-Certified leader in engineering consulting and systems integration, and 2015 System Integrator of the Year is proud to congratulate Gabriela Beasley, Sr. Production Manager, Paramount Citrus, STEP Ahead Honoree, and Brittany Berreth, Senior Presort Manager, Paramount Citrus, STEP Ahead, Emerging Leader.

As the nominating company, Polytron, Inc. is delighted that these two outstanding women have been honored along with 128 other STEP Ahead recipients who were selected by The Manufacturing Institute in the areas of **Science, Technology, Engineering and Production**.

The STEP Ahead Awards was created in 2012 to honor women who have demonstrated excellence and leadership in their careers and represent all levels of the manufacturing industry, from the factory-floor to the C suite. In 2015, STEP Ahead launched “Emerging Leaders” awards – honoring women in the industry who are currently employed in the manufacturing industry that have already made significant contributions and excelled early in their career.

On March 26, The Manufacturing Institute will recognize Gabriela and Brittany and the other 128 recipients of the STEP Ahead Awards at a gala in Washington, D.C. The STEP Awards program will highlight each Honoree’s story, including their leadership and accomplishments in manufacturing.
